Terms and Conditions of Use

interzum@home

interzum@home
04.-07.05.2021

1 Area of validity and Contract Partner

1.1 Koelnmesse GmbH, Messeplatz 1, 50679 Köln, Germany, ("Koelnmesse") operates the digital product "interzum@home" hereinafter referred to as "digital offer".

1.2 Companies can purchase the services of Koelnmesse as described below under Item 1.2.1 and in these General Terms and Conditions of Use for Partners ("Terms and Conditions of Use") and in the form for the purchase of the Partner Packages ("Registration Form") in connection with the digital product. Each of the companies purchasing these services is subsequently referred to as a "Partner", regardless of which specific service has been purchased.

1.2.1 Koelnmesse provides partners with the possibility, for the duration of this contract as specified in more detail in these Terms and Conditions of Use and in accordance with the rules in the Registration Form and in return for payment, to set up own profile pages and have their own content integrated within the scope of function available in the digital product. The purchase of a Partner Package is required for this.

1.3 The services of Koelnmesse are provided exclusively on the basis of the rules in the Registration Form and these Terms and Conditions of Use including their Annex(es). These Terms and Conditions of Use and their Annex (es) also apply to all future business insofar as it is of the same nature and the parties refer to these Terms and Conditions of Use.

1.4 The Partner's general terms and conditions of business shall not apply, even if Koelnmesse does not specifically exclude their application. Differing or contrary terms thus only apply when they have been recognized by Koelnmesse in writing.

1.5 The Partner can call up, save and print out the Terms and Conditions of Use on the Website at any time.

1.6 Koelnmesse saves this contract text after conclusion of the contract. The contract text is not accessible to the Partner.

1.7 Special General Terms and Conditions of Business of Koelnmesse may apply for other services in the context of the digital offer (in particular advertising services). Koelnmesse will draw attention to the applicability of these special General Terms and Conditions of Business in a suitable manner.

2 Requirements for acceptance as a Partner

2.1 The company receives the status as a Partner of Koelnmesse in the sense of these Terms and Conditions of Use and of the Registration Form through the purchase of the Partner Package. Koelnmesse decides on the acceptance as a Partner in accordance with the following more detailed rules of this Item 2 and the rules in Item 3.5.

2.2 The following applies to the acceptance as a Partner:

2.2.1 Only companies that are entered in the Commercial Register or in the Skilled Trades Register or in comparable company directories can be accepted as Partners and such companies are only accepted with those products that correspond to the focus of the event. The corresponding Products List is attached as Annex 1 to these Terms and Conditions of Use.

2.2.2 Commercial agents, sales companies, cooperation partners and importers can also be accepted as Partners on behalf of non-producing companies they represent insofar as the products are not shown by any other Partner in the digital product and that they possess the necessary rights to present them. The issue of a licence by the producer is necessary for the presentation of products that were not produced by the actual Partner. The licence must be proven in an appropriate form on request by Koelnmesse. The presentation and offering of unlicensed products is illegal and represents a severe infringement of these Terms and Conditions of Use. Koelnmesse is entitled to carry out reviews during the time in which the Partner's Profile page can be called up and, insofar as applicable, to close the Profile page of

the Partner when, despite a corresponding warning, it is being used for the presentation of items for which the necessary licences cannot be proven.

3 Conclusion of the contract; purchase of the Partner Package; acceptance as a Partner

3.1 The Partner can call up and download the Registration Form for the purchase of the Partner Package on the Website.

3.2 The Partner can submit the completed Registration Form via e-mail to the address indicated on the registration form. The arrival of the e-mail at Koelnmesse represents the legally binding offer of the Partner for the purchase of the Partner Package and for the acceptance as a Partner, according to the Package specified on the Registration Form ("Offer"). The Partner can alter the details to be entered or delete the form at any time up to the sending of the form/e-mail

3.3 Koelnmesse shall confirm the receipt of the Offer to the Partner electronically via e-mail to the address that the Partner has entered in the Registration Form without delay ("Confirmation of Receipt"). This Confirmation of Receipt does not yet represent the acceptance of the Partner's Offer by Koelnmesse.

3.4 The contract concerning the purchase of the Partner Package and the acceptance as a Partner first comes into being when Koelnmesse has expressly accepted the Offer by sending a confirmation of registration via e-mail ("Conclusion of Contract").

3.5 Koelnmesse decides on the acceptance of a company as a Partner conscientiously at its sole discretion. In the event of a rejection, the applicant company will receive a separate notification.

In particular, Koelnmesse reserves the right not to admit a company as a Partner if there are factual indications that the Partner's products or services that are to be presented in the digital product violate a third-party right, that the company has participated in or been an accessory to such a violation, or that the company is responsible for the violation of third-party rights due to another legal reason. In such cases, Koelnmesse will give the company the opportunity to make a statement and to refute the factual indications unless a public authority or a court has already determined that a right has been violated. Koelnmesse's further rights and claims remain unaffected.

4 Scope of services to be provided by Koelnmesse to the Partner

4.1 The digital offer includes display options for content from the partner (e.g. profile pages, multimedia files of the Partner, event-dependent package solutions with upgrade and downgrade options where applicable etc.), the streaming of conference content and corresponding functionalities for networking and audio/video communication.

4.2 In connection with this digital product Koelnmesse provides the Partner with the following services after its purchase of the Partner Package:

4.2.1 With the conclusion of this contract, the Partner is entitled to refer to itself as a Partner of the digital offer for the duration of this contract. The Partner will be named as such in the activities in connection with the digital offer, e.g. on the Website, at the sole discretion of Koelnmesse.

4.2.2 Koelnmesse shall also provide the Partner with the services as described in the Registration Form. These comprise, for example, the following services:

- Set up of an own profile page for the Partner in the digital product for presenting the company
- Display of the exhibitor's own multimedia content within the exhibitor profile page
- Discoverability of the Partner via the search facility (company name) integrated in the digital product
- Possibility of saving specific contact data and multimedia content on the Partner's own Profile Page. Such data and content is only available to accredited users

- Possibility to book digital audio-video conference rooms

4.2.3 In addition, the partner's content can be placed on its application in the digital offer as conference formats. The editorial selection for this placement is made by Koelnmesse's editorial team, but in consultation with the partner, and is the subject of a separate agreement between the partner and Koelnmesse. Subject to availability, the partner has the option of acquiring an advertising placement in the digital offering for a fee. This paid advertising placement is the subject of a separate agreement between Koelnmesse and the partner.

4.3 Koelnmesse warrants, within the foreseeable requirements, to provide best possible reproduction of the digital product in conformity with the respective usual technical standard. Exemplary representations in sales documentation are solely for the purpose of illustration and make no claims to exact implementation regarding pixels or functions.

5 Representation formats for Partners

5.1 By sending a self-service link, Koelnmesse enables the partner to independently create a profile page and, if necessary, other presentation formats. For more details, please refer to the event-specific websites and the registration documents there.

5.2 Koelnmesse may of its own account enhance the presentation formats by adding publicly available information of the Partner for the purposes of a proper representation.

The presentation format "Profile Page" can be customized by the Partner to the extent permitted by the template. To this end, the Partner can collect company content such as logo, descriptive texts, a media gallery with videos and photographs, an overview of the products, a company-specific schedule, Websites (together "Partner content"), via an online form. Koelnmesse provides the Partner with access to this form. Koelnmesse reserves the right to stipulate usual specifications concerning file formats, sizes and other technical requirements.

5.3 The content can only be edited until the editorial deadline (2 weeks prior to the event) and will also remain presented in the digital product after the event. The Partner can request that this be deleted.

6 Duties of the Partner

6.1 The Partner undertakes to provide complete and correct information on the company in the Registration Form. Changes to these details must be notified to Koelnmesse in text form and without delay; e-mail is adequate for this notification.

6.2 Further obligations of the Partner:

6.2.1 The Partner undertakes to keep confidential and adequately protected against unauthorized access the access data received from Koelnmesse and the associated passwords. The Partner shall inform Koelnmesse immediately of any indications of unauthorized transfer of the access data and/or passwords and/or any unauthorized access.

6.2.2 The Partner undertakes not to collect content in the digital product, or to play advertising on the presentation formats of the Partners, that does not correspond thematically to the Products List in Annex 1 and/or violate these Terms and Conditions of Use, statutory provisions, any regulatory requirements, official orders, data protection law or standards of common decency. Furthermore the Partner undertakes not to collect content that infringes the rights, in particular copyrights or brand rights, of third parties. Koelnmesse reserves the right to not integrate or to block content when said content is criminal according to applicable laws, recognizably serves as preparation for criminal acts or violates these Terms and Conditions of Use or the Products List.

6.2.3 The Partner undertakes to refrain from all measures that would endanger or interfere with the functioning of the digital product and not to access data that it is not entitled to access. Furthermore the Partner must ensure that its content that has been transferred and set up in the digital product is not infected with viruses, worms, or trojans. The Partner undertakes to make good all damage to Koelnmesse that arises from the failure to fulfil these obligations within the control of the Partner and furthermore to indemnify Koelnmesse against all claims against Koelnmesse by third parties, including legal and court costs, that are asserted by said parties due to the failure to comply with these obligations on the part of the Partner.

6.2.4 The Partner undertakes to pay in full all due license and other fees and expenses (GEMA (German Authors' Rights Society), the Artists' Social Insurance Fund, Ausländersteuer (German income tax payable by non-residents)) that may be due for musical and other performances making use of any form of audio and image recording media. In the event that the Partner fails to register for and/or pay the due licensing and other fees and expenses the Partner indemnifies Koelnmesse against any and all claims by third parties.

7 Further rules for Partners

7.1 The Partner undertakes not to set up content or to advertise content the dissemination of which via radio or telecommunications media is illegal. In particular it must not set up any content or advertise any content the dissemination of which is criminal or which is likely to endanger the development of children or young people or their upbringing as a responsible and socially competent personality (for example, content subject to censorship). The same applies to content which the Partner integrates from external sources including third-party content. Insofar as content bears a label according to the Jugendschutzgesetz (Law for the protection of minors) the Partner must clearly draw attention to this.

7.2 Granting of usage rights to Koelnmesse

7.2.1 The Partner irrevocably transfers to Koelnmesse the non-exclusive usage rights and exploitation rights without limitation in time or space to the content made available by the Partner. This transfer of rights is intended to enable Koelnmesse to exploit the content commercially or non-commercially itself or through its affiliated companies in the sense of Subsection 15 ff. of the Stock Corporation Act (AktG) in the context of the services of Koelnmesse in connection with the digital product.

7.2.2 The grant of rights is not solely concerned with the digital product and also comprises the following rights:

7.2.2.1 The right to use, reproduce, save on all known storage media and to publicly present, in the context of the Website and in the digital product, the content in whole or in part, however solely for viewing.

7.2.2.2 The right to further develop the content for these purposes, e.g. by translation into other languages

7.2.2.3 The right to edit the content for optimal presentation in the digital product.

7.2.2.4 The right to add advertising to the content or parts thereof, with the exception of the Profile Pages.

7.2.2.5 The right to combine the content with other content or other creations.

7.2.3 The Partner waives the rights according to subsections 12, 13 Subdivision 2 of the Act on Copyright and Related Rights (UrhG), the Right to recognition of authorship (Section 13 Sentence 2 UrhG), however only to the extent that this is usual in this sector.

7.2.4 Koelnmesse accepts the transfer and the grant of rights.

8 Visitor admission

8.1 Commercial buyers and other trade visitors are admitted as visitors to the event. Koelnmesse is entitled to carry out corresponding checks of the visitor profiles and to refuse admission to visitors whose profiles do not correspond with the purpose of the event.

8.2 Koelnmesse can at its discretion declare the event entirely or partially open to the public.

9 Obligation to secrecy und Confidentiality

9.1 The parties undertake to treat the confidential information according to Item 9.2 ("confidential information") received from the respective other party as strictly confidential (i.e. in particular to refrain from the unauthorized use, disclosure, publication, or dissemination of this information), and at least with the same degree of care with which they treat their own confidential information. The receiving party may only use this confidential information for the performance and enforcement of this contract. The receiving party may not use this confidential information for its own purposes or for the purposes of third parties or make the confidential information a part of any application for intellectual property rights. The receiving party may not observe, investigate, dismantle or test products and objects made available that contain confidential information without the approval of the disclosing party.

9.2 Confidential information is in particular all information, documentation, written materials, recordings, notes, documents and electronic files that are objects of appropriate confidentiality measures and are labelled as confidential or are to be considered confidential by virtue of the type of information or the circumstances of their transfer. Confidential information is also such information that becomes known in the course of an oral presentation or a discussion.

9.3 The obligation of confidentiality and non-exploitation of the confidential information lapses insofar as said information:

- was already known to the receiving party prior to its notification
- was known to the public or generally accessible prior to its notification
- becomes known to the public or generally accessible after its notification without action or fault on the part of the informed party
- substantially corresponds to information that has been revealed or made accessible to the recipient by a third party who is entitled to do so or
- was made accessible or developed by the respective party itself, subject to this being proven by written records of this party or in some other way and none of the obligations laid down in this agreement have been breached

9.4 Furthermore the obligation of confidentiality shall not apply in the case that a party is obliged to reveal confidential information due to legal provisions or the force of an incontestable decision of a court or an administrative authority.

9.5 The parties will keep all of the written materials and/or data carriers entrusted to them by the respective other party separate from their other documentation. The confidential information is to be secured against unauthorized access and unauthorized use by appropriate measures to ensure confidentiality. This also includes technical security measures adapted to generally recognized process descriptions and industry standards, imposing the obligation to maintain confidentiality on the employees, and the observation of data protection.

9.6 The information entrusted or parts thereof may only be passed on to such employees, bodies, representatives, external consultants (e.g. lawyers), and/or authorized subcontractors (e.g. freelancers) of the respective receiving party and/or their authorized subcontractors (in the following "Representatives") as require the information for the fulfilment of their tasks in conformity with the contract, have been appropriately instructed in the confidentiality of the information provided, and on their side are subject to appropriate obligations of confidentiality. The parties are liable for breaches of confidentiality on the part of their representatives and agents as for their own faults.

9.7 The receiving party will immediately inform the revealing party in writing when an unauthorized use or passing on of the confidential information of the revealing party becomes known to it and shall on request of the revealing party take all appropriate measures in order to prevent a further unauthorized use or passing on of the confidential information of the revealing party.

9.8 Each party is obligated to return on demand by the other party all received written or in other ways recorded confidential information including any copies that may have been made within ten (10) days to the demanding party or to confirm in writing the destruction of said confidential information insofar as the other party is not entitled to that information according to the purpose of the contract or is not required to independently retain that information due to statutory duties to retain records. Excluded from this is confidential information the destruction of which is only technically possible at disproportionate cost, e.g. because it has been saved by an automated electronic backup system for preserving electronic data in a backup file that is, however, overwritten at close regular intervals in any event.

9.9 The duties of the parties set out in this confidentiality agreement remain in force for five years after the termination of the contractual relationship between the parties. Trade secrets, for which the obligations continue for as long as they are protected as trade secrets, are not subject to this.

9.10 The aforementioned rules do not establish any intellectual property usage rights whatsoever. All usage rights authorized under this contract remain unaffected by the aforementioned rules of this Item 9.

10 Liability of the Partner; indemnity

10.1 The Partner is liable for ensuring that its content in the respective presentation formats does not violate any patent rights, utility model rights, copyrights, trademark rights and/or design rights or comparable property rights of third parties and other statutory provisions in particular those of the criminal law and the law concerning the protection of minors.

10.2 The Partner indemnifies Koelnmesse against all claims by third parties that may be asserted by such parties against Koelnmesse or its licensees due to the infringement of property rights by the content provided by the Partner in the context of this contract insofar as the Partner is at fault for said infringement. Koelnmesse will immediately notify the Partner of any claims asserted by third parties and at its own discretion will either entrust the defence of these claims to the Partner or coordinate the defence with the Partner. Koelnmesse will neither recognize nor accept as undisputed claims by third parties without consulting the Partner. The indemnity also applies to all appropriate defence costs of Koelnmesse, including lawyers' fees, authorities' and court costs, and all other required expenses as are generally accepted in the sector and are not limited to the statutory fees.

10.3 Insofar as third-party rights are opposed the Partner shall, at the Partner's discretion and expense, either acquire corresponding rights for Koelnmesse or replace or change the affected parts of the performance in such a manner that the property rights of third parties are not infringed yet the agreed performance features are retained. If this is not possible for the Partner under appropriate conditions and within an appropriate time, Koelnmesse shall be entitled to assert its statutory rights.

11 Fees

11.1 The fees for Partner Packages is based on event-specific information in the Registration Form of the digital offer.

11.2 Depending on the event, special prices may be offered for start-up companies and agencies. If this is the case, start-up companies are those that pursue a digital business model and are not older than three years. In this context, agencies are understood as strategy, communication/PR, advertising, media, dialogue, content, research, IT development, full service and event agencies. Koelnmesse is responsible for checking whether the exhibitor named is a start-up or an agency in accordance with the above criteria. The service components of the individual packages can be found in the official Registration Forms.

11.3 All prices are net prices. The statutory VAT will be charged additionally where applicable. Invoice amounts are payable immediately upon receipt of the invoice.

11.4 As a rule, Koelnmesse provides the Partners with an "other service" according to Section 3a (2) of the German value-added tax law (UStG). The place of performance for these services is the recipient's registered office. Koelnmesse will therefore invoice foreign Partners according to the reverse charge accounting mechanism without charging any German VAT. Partners from the European Union need to enter a valid VAT identification number in the form in order to be considered proprietors.

11.5 Partners must immediately notify Koelnmesse in writing of any changes to their VAT identification numbers.

11.6 If, in exceptional cases, other services are provided in which the place of performance is not the registered office of the service recipient and statutory VAT is due, foreign Partners may receive a refund of the invoiced VAT provided they fulfil the legal requirements.
